

## Specialist psychiatrist for the Department of Mental Health Kolding and Vejle

**Are you our new colleague? Would you like to work with psychiatric patients in an outpatient or inpatient team - in a working climate where we emphasize orderliness in what we say and do, professional growth and room for renewal and enthusiasm?**

Our outpatient team handles diagnosing and treatment of patients referred to us from a regular group of general practitioners in the area of admission.

Our inpatient section receives patients for diagnosing and start of treatment from the municipality of Kolding and Vejle.

The department prioritizes the interdisciplinary and cross-functional collaboration and places great emphasis on continuity.

The department is rated for 21 consultant psychiatrists, who functions as attending physicians covering both Kolding and Vejle. There are two resident assistants - one in Vejle and one in Kolding, as well as a physician assistant in Kolding.

### **Be part of the development**

A plan for the development of the Mental Health Services in the Region of Southern Denmark is about to be implemented and therefore you need to be ready to take an active part in the further development of the treatments the department has to offer. Your specific competencies will be included in the department's future treatments.

The Mental Health Services in the Region of Southern Denmark is working with the objective that the ambulant treatment is the main entrance to the entire mental health services in the region.

### **Facts of your future workplace:**

- Two integrated open/closed sections
- Two open sections
- One closed section
- 24 hour opening, unreferral emergency room
- Five cross-functional compounded teams
- An acute team of nurses with outgoing function according to the principles of shared-care
- A psychotherapeutic section (Ambulant Therapy Sections with a function for anxiety/OCD and personality disorders covering the region)
- A geronto-psychiatric team
- An Intellectual Disability team (covering the region)
- Three Assertive Community Treatment teams

### **We would like a specialist psychiatrist that**

- has a wide psychiatric education with comprehensive treatment competencies in psychological, biological and social-psychiatric treatment methods.
- has excellent collaboration skills.
- wants to be part of the continued development of the treatment psychiatry.
- preferably has experience and/or interest in the field of quality development.
- preferably has experience and/or interest in the field of research.
- preferably has experience with teaching and guidance.

**We offer**

- assistance with practical issues when you need to apply for Danish authorisation as a medical specialist, and with your Danish work and residence permits.
- free, intensive language lessons.
- a mentor to provide an introduction to the Danish culture.
- a professional mentor at the workplace.
- assistance in finding a temporary residence.
- assistance for your partner to find work/learn the language, and to help find a school for your children, etc.

**Additional information about the department and the position**

- Kirsten Støvring, Chief physician, tel. +45 3050 7827

**Pay and employment conditions**

Employment will be offered on the basis of the applicable collective bargaining agreement.

Please send us your application with a copy of your medical specialist authorisation and your CV to [kontakt@psyk.regionsyddanmark.dk](mailto:kontakt@psyk.regionsyddanmark.dk). Please write: **Application, Kolding and Vejle** in the subject field of the e-mail. We also require a clean criminal record.

Please send us your application no later than **September 8<sup>th</sup> 2013**.

After having conducted phone interviews, we will invite selected candidates to visit Kolding and Vejle, Denmark on October 4<sup>th</sup>- 5<sup>th</sup>

Thank you for your interest.

Region Syddanmark

---

The Region of Southern Denmark is one of five regions in Denmark that manage the Danish Health Care system. The Region has 18 somatic hospitals, works in the field of free medical help in collaboration with 800 established medical doctors and is responsible for the mental health services of the citizens with psychiatric illnesses. The entire budget is 2.7 billion Euros and employs 25,000 employees.
